

Demmansay has learned that the Superintendent of Schools has issued a memo banning AFT President Molyneaux from the campus of all public schools. The memo state that Mr. Molyneaux MUST receive permission from the Administration before visiting any of the campuses. The memo further states that if Mr. Molyneaux is seen on any of the campuses without prior permission, the Police should be notified so that Mr. Molyneaux can be arrested. Demmansay has also been told, but we have not been able to verify that Dr. Spampinato has entered into a HEFTY consulting contract with the V.I. Government.
