

Walker's By The Sea: Latest deWolf Victim

Why aren't we surprised? The DeWolf posse has struck again. Their latest victim: Walker's By the Sea on St. Thomas' Lindberg Bay Beach. Our Government House insider has informed us that DeWolf is still fuming from the strong statement made by the now famous "*Sea of Blue T-Shirts*" that took the St. Croix Agriculture Fair by storm. The restaurant was scheduled to serve as the venue for Team Mapp's Saturday 2/20/2010 General Meeting on St Thomas. Team Mapp ran radio spots on all the radio stations, daily for the entire week. In an effort to disrupt the momentum generated at the St. Croix Agriculture Fair, The DeWolf gang led by Louis Penn and Mr. "VI Destroy Hope" Hobson, notified Mr. Walker that if the Mapp meeting was allowed to take place at his establishment he could immediately kiss goodbye to his contracts to provide food to the "Meals on Wheels program, as well as the Eldra Schulerbrandt Living Facility. Regardless of his personal sentiments towards the strong-arm tactics of the DeWolf posse, Mr. Walker had to bear in mind his precarious business situation and his obligation and commitment to keep his employees employed. He was left with the difficult and unpleasant task of denying Team Mapp the use of his facility. By the way, the DeWolf pack of punks chose to deliver their threats to Walker Friday night, thinking that it would be too late for the Mapp committee to execute a change of venue, without appearing to be unorganized. What can we say, "**The COMEDY OF ERRORS CONTINUE**". If only the DeWolfites would stop lay off the Captain Morgan long enough, they'd realize that they are not the only ones with friends. Additionally, not all businesses are in a position where government contracts are keeping them afloat.

Did you idiots not learn anything from the Reef Broadcasting boomerang that has now come back to knock you fools upside your heads? Special "Big Ups" go out to the Staff and management of Palms Court Harborview for opening up your doors at the 11th hour to derail all efforts by the desperate crew of the SS John DeWolf. As the drunkenness from Captain Morgan wears off and the reality of their

situation sets in, we can expect to see even worse behavior from those left behind to sink with the SS John DeWolf, as Judge Adam Christian slowly drifts away aboard what may be the last functioning lifeboat
